welcome to pinkmoon events

Pink Moon Events is the full-service events company that creates unforgettable experiences. We offer production, equipment hire, staffing, structures, catering and so much more.

Whether you're organising a **corporate get-together**, a **party** or the **event of a lifetime**, we're **here to help you bring your vision to life**.

Going back to our roots...

The Pink Moon brand was born in 2012 after we saw that the industry was crying out for a dependable events supplier.

Starting out at grassroots events, we quickly struck all the right chords and became renowned for our relentlessly high quality of service.

Today, we have grown the Pink Moon brand into a leading player in the festivals and events space. We're proud to own the largest share of owned accommodation in the festival industry, leading us to become known as a household brand in some parts of the UK and Ireland.

We have sleeping solutions for every size and style of event – from pre-pitched tents to luxury lodges and everything in between. And if you're looking for an experienced pair of hands to make sure your event runs without a hitch, we have a huge pool of skilled staff that fit the bill.
