VACUUM TOILETS

3 BAY FOLDING
MODULES

Our collapsible vacuum modules are exceptional for managing high-volume events. They significantly reduce water usage, waste, and transportation costs while ensuring high levels of customer satisfaction. These units are the perfect solution for any large event.

PRODUCT	
CODE	3BVFOLD
MIN HIRE	6 UNITS MINIMUM HIRE
INFO	ON REQUEST

3 BAY UNIT
MODULES

Our rigid vacuum modules surpass our folding modules in quality. While they share the same waste and water-saving advantages as the folding versions, these modules offer a fully enclosed space with excellent lighting and features, making them the ideal restroom solution for both the hospitality sector and upscale events.

TECH MODULE

The Tech Module transports the wastewater away from the toilets and is equipped with a professional water booster system which provides the connected toilets with fresh water to make them all flush nicely. Flushing with fresh water makes vacuuming all the waste and most of the odors out of the toilet stall resulting in a very hygienic toilet system!

PRODUCT	
CODE	TECHMOD
USE	2 X MASERATOR PUMPS
INFO	ON REQUEST

VACUUM TANK

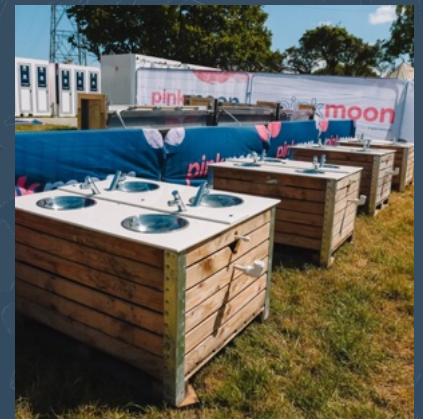

Our vacuum tanks hold up to 9,700 litres of waste. These are engineered to ensure as limited issues as possible with the vacuum system. Keeping the waste external means there is no smell of waste and also quicker external emptying with a split tank that means there is ZERO down time when emptying the toilets
